

JANMITRAM SPS MEMORIAL SCHOOL GHARGHODA
CBSE AFFILIATED SENIOR SECONDARY SCHOOL
ANNUAL REPORT – 2023 -2024

Nurturing Excellence, Inspiring Futures

Karmanye Vadhikaraste, Ma phaleshou kada chana – You have a right to perform your prescribed duty, but you are not entitled to the fruits of actions.
Ma Karma Phala Hetur Bhurmatey Sangostva Akarmani – Never consider yourself the cause of the results of your activities, and never be attached to not doing your duty.

In simple terms it means: Keep on performing your duties without expecting any reward in return, leading a selfless life – this is what it is all about.

Every great dream begins with a Dreamer. Always remember, you have within you the Strength, the Patience and the Passion to reach for the stars to change the world ...

This is the mantra that we tell the children at JSPS at all times.

The Annual Report showcases the achievements and glories of our school undoubtedly, but also makes us think deeply about our shortcomings. We have always been committed to create an environment in the school which helps the young minds blossom and provide a platform for individual thinking and holistic development of the child's personality. We set standards and goals for ourselves and strive to achieve them – be it in the **area of academics, sports, discipline, leadership and more.**

- “The most beautiful moments in life are moments when you are expressing your joy, not when you are seeking it.” Annual events are the right time for our children to express their Joy by showcasing their year round learning and hidden talent. It's a time for celebration and recognition of the students as well as the school's achievements.

ACADEMICS

“Learning gives creativity, creativity leads to thinking, thinking provides knowledge and knowledge makes you great”

We are indeed happy to present the Annual Report for the year 2023-24. The year began with a lot of hope and prayers as we were all returning after a frightening pandemic which taught us a lot of life's lessons.

We have always been committed to create an environment in the school which helps the young mind blossom and provide a platform for individual thinking and holistic development of the child's personality, as academic session witnesses repositioning, restructuring & refocus.

“You don't have to be great to start, but you have to start to be great.”

The year 2023 commenced on a wonderful note, when the results of our grade 10th and 12th CBSE Board Examination were announced. We are happy to share with you all the details of the commendable performances of our students.

The CBSE results 2024 were declared ON 16 MAY and we are happy to inform that JSPS attained 100% result with all first class in Grade X. Topper of our school is **PHALAK SINGH.**

None of these achievements would have been possible without the single-minded commitment and dedicated care of our teachers. We are also constantly encouraged by parents and well-wishers who have shown much confidence and given their fullest support.

PROSPECTIVE PLANS

We are on a fast expansion of our school in terms of infrastructure and academic facilities

Establishment of Laboratories:

We are on a rapid expansion plan for the school. Our School JSPS is going to have full-fledged sports complex which would include variety of indoor and outdoor sports like Badminton, Basketball, Volleyball, Skating, Table Tennis, Kho- Kho, Football, Cricket, 400 meter Athletic track and other range of facilities in time ahead. The Centrally Air Conditioned Hostel with 80 student capacity will enhance the overall functioning of the school. Another feather in the cap of JSPS will be an open Air theatre with the capacity of almost 500 participants together. We are delighted to bring it to you all that the most sought-after School of Art and Music will come true very soon altogether in a new dedicated building to nurture latent talent of children of this very special area of interest. Additionally, a multi-purpose stage with facilities of Green Room and Change room will add value to the various programs being conducted on a day-to-day basis. In the very recent development I tell you that the construction of **3 Laboratories** on the second floor we have already started which will be ready by the end of June 2024. We are glad to inform you that we are going to add another feather in JSPS as Science Stream from 2025-26.

With these upcoming infrastructures, we are sure we will be able to deliver the best possible education to our scholars. Our scholars will exhibit exemplary performance in all the domains of their personality. Our education would be modern blended with tradition.

SPORTS

“To be a great champion you must believe you are the best, if you are not; keep on trying.”

Sports competitions inculcate the spirit of positive challenges and sportsmanship among the students and prepare them for the life ahead. Sports, games and physical fitness occupy a place of importance in our curriculum.

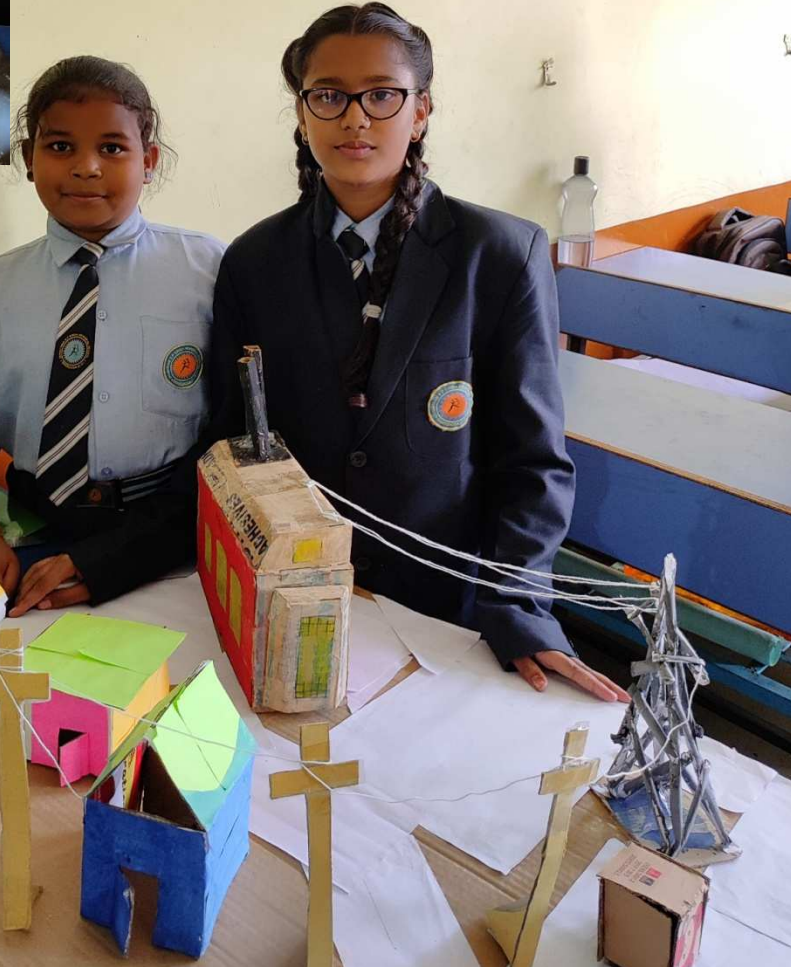

National in Archery :- *Kajal Bhagat* (Class IXth)

Science Exhibition:-

The pulsating heartbeat of scientific exploration resonated throughout our school as we celebrated yet another year of groundbreaking discoveries and innovative creations at our annual Science Exhibition. Students, educators, and parents alike gathered in awe as the halls transformed into a labyrinth of ingenuity, showcasing the immense talent and passion of our budding scientists. This year's exhibition was a testament to the boundless possibilities of scientific inquiry and the unwavering dedication of our school community to push the boundaries of knowledge.

Strengthening Bonds: **The Parent-Teacher Meeting**

Our recent Parent-Teacher Meeting epitomized collaboration, uniting parents and educators to champion student success. In this pivotal exchange, insights were shared, strategies discussed, and bonds strengthened. Parents gained valuable feedback on their child's progress, while teachers gleaned insights into individual student needs. Empowered with practical guidance, parents are now better equipped to support learning at home. This meeting fortified the partnership between home and school, laying the groundwork for ongoing collaboration. As we reflect on this event, we're reminded of the transformative power of unity, shaping a nurturing environment where each student can flourish, academically and beyond.

Enriching Education: The Educational Tour

Our school's recent Educational Tour was a journey of discovery and enrichment, offering students a hands-on learning experience beyond the classroom. From historical landmarks to cultural sites, each destination ignited curiosity and sparked inspiration. Through guided tours, interactive activities, and immersive experiences, students gained valuable insights into diverse subjects, fostering a deeper understanding of the world around them. This tour not only broadened horizons but also instilled a sense of appreciation for different cultures and perspectives. As we reflect on this enriching excursion, we celebrate the power of experiential learning to ignite passion and cultivate lifelong learners.

In closing, we extend our heartfelt gratitude to all members of the Janmitram SPS Memorial School community – students, parents, faculty, staff, and supporters – for their unwavering dedication, enthusiasm, and contributions throughout the year. Together, we have achieved remarkable feats and overcome formidable challenges, reaffirming our collective commitment to excellence and success. As we embark on the journey ahead, let us continue to work together, learn together, and grow together, shaping a brighter future for generations to come.

Sincerely,

[Shrikant Shukla]

Principal, Janmitram SPS Memorial School
